

The National Association for Breeding of Synthetic Population of Bulgarian Milk sheep (NARSPBM) would like to make it known that they have an approved Information and Promotion programme for Sheep Meat and Sheep Milk Cheese under the Council Regulation (EC) No 3/2008 and 501/2008. The programme is titled “EU sheep meat and sheep milk cheese. Try the quality, taste the difference” and is targeted to the internal markets of Germany, Croatia, Greece and Bulgaria. The NARSPBM has concluded contract with Agropromotion Sprl and the implementation of the programme has already begun. The NARSPBM are now inviting interested organizations to tender for the monitoring and measuring the results of the actions under this programme. Interested parties applying for this Tender application must be experienced in such programmes both in having worked closely with proposing organizations and competent authorities, and have both the financial and technical capacity required in order to successfully assess the results of the measures and activities, that are to implemented under the programme.

Candidates are invited to submit their tenders in writing to the National Association for Breeding of Synthetic Population of Bulgarian Milk sheep (NARSPBM) at the address listed below in this tender invitation. Tender documents must be marked with the tender Reference Number and be marked “Confidential” and must be received by 12:00 hrs, 10 July 2015.

All tender documents outlining conditions of participation, selection, award criteria and application details, will be sent upon email request only at

narspbm@narspbm.eu

until Saturday , 04 July 2015. Candidates wishing to apply are welcome to contact Mr. Simeon Karakolev, Chairman of NARSPBM for further information. All Tender documentation should be written in English/ Bulgarian.
